KEYNOTE SPEAKER

Dr. Rocio Chang

Assistant Professor of Psychiatry at UConn Health, a researcher, teacher, and clinician focusing on preventing, diagnosing, and treating psychological trauma in children, adolescents, and adults. Her research focuses on developmental, chronic, and complex trauma.

Dr. Ernestine Briggs-King

Clinical/community psychologist with professional expertise that focuses on implementation, dissemination, and evaluation of evidence-based treatments; child traumatic stress; resiliency; mental health disparities and inequities, quality improvement, and increasing access to care for underserved youth/adolescents.

Dr. Loriann Laugle

A certified BodyAwake Yoga teacher. Dr. Laugle’s holistic upbringing, paired with years of experience and continued training, allows her to see your wholeness and provide customized and compassionate care for you and your precious family.
